EXPERIENCE

Sole UI UX Designer

March 2024 - Present

Sumadhura Infracon Private Limited

- Led end-to-end UX design for 4+ business platforms (operations, CRM, sales, and customer systems), improving workflow usability and supporting cross-functional business teams.
- Redesigned visitor, booking, approval, and inventory workflows, reducing process friction and improving operational efficiency by 40%.
- Optimized user journeys, QR workflows, and AI-enabled automation, increasing lead capture by 60% and reducing user drop-offs across customer touchpoints.
- Optimized user journeys, QR workflows, and AI-enabled automation, increasing lead capture by 60% and reducing user drop-offs across customer touchpoints.
- Designed booking and payment experiences that simplified customer interactions and reduced CRM & sales operational workload by 10%.
- Produced AI-powered tutorial and project journey videos to improve stakeholder communication, product onboarding, and internal product adoption.

Graphic Design Intern

Oct 2023 - Jan 2024

2Gethr

- Designed digital and print marketing assets across social and in-app platforms, contributing to improved engagement and brand visibility.
- Collaborated with cross-functional teams to deliver campaign creatives aligned with stakeholder and marketing objectives.
- Applied visual storytelling and modern design principles to maintain brand consistency and communication clarity.
